#### Consumer Notes:

If there is a theme for March, it's "repackaging" ...some of the biggest news is reduced priced (as compared to individual VHS volumes) DVD and single tape releases. Certainly, the biggest of these is the entire Tenchi OVA set as a 3 DVD set, but don't miss those Bubblegum Crisis ones, either! In fact, most or all of the DVDs here will be BIG sellers!! For Adult product, DVDs are also making an appearance, and the infamous "Yellow Star" episode of Cool Devices comes this month. Pricing on the Bandai box sets has been reduced, making them a great value. The two new Pokemon tapes, the new Dragon Ball release, and Ninja Resurrection (billed as the "sequel" to Ninja Scroll, one of Anime's all time best sellers), should be on your buy list! New Sailor Moon keychains are sure to be a hit with fans. Finally, if Evangelion has done well for you, make sure to bring in some of the new t-shirts!

#### JEFF'S PICK(S) OF THE MONTH

The new mousepads are really cool (the images are from popular Japanese games), but the safe money is on the Tenchi Muyo OVA DVD set. Every once in a while I get asked something like, "Why should I buy a DVD player when there is so little really good anime to get on DVD?" ...here's a reason if ever there was one! Not a Tenchi fan? Try the Bubblegum Crisis ones! Finally, adult anime begins making its DVD appearance as well with LA Blue Girl, Venus 5, and Twin Angels. Yes, it looks like the format is really starting to come into its own!
